## Education

**Government College University**

**2020-Present**

**Bachelor's in Computer Sciences**

- *Actively engaged in various university clubs and organizations*
- *Participated in workshops and seminars organized by [CS Department/CSS Society], enhancing my knowledge in Tech fields.*

**Relative Coursework:**

Web Engineering, Software Engineering, Artificial Intelligence, Object-Oriented Programming, Computer Networks, Mobile Application Development, Visual Programming (.Net - C#), Database Management System, and Data Structures & Algorithms.

## Personal Projects

**WorldWise | Mern Stack Project**

- WorldWise enabling users to add, edit, and delete places on a map with authentication for secure access.

**The Wild Oasis| React with Supabase**

- Wild Oasis, a React app integrated with Supabase, offers cabin booking and a comprehensive dashboard. Users can effortlessly browse available cabins, book stays, and manage their reservations. The dashboard provides administrators with insights into bookings, occupancy rates, and financial data.

**Natours Tourism Site | Node, Express, MongoDB Project**

- Natours Tourism Site is a Node.js, Express, and MongoDB-powered platform offering tours, seamless booking, user authentication, and reviews for travelers seeking memorable adventures.

**Feedback Collection | Mern Stack Project**

- Streamline feedback with our MERN app. Users share thoughts easily, admins manage insights efficiently. MongoDB, Express.js, React.js, and Node.js power seamless communication and data analysis.

**Pizza Mania | React App**

- Pizza Mania, a React app powered by Redux Toolkit, streamlines pizza ordering. Users can easily select pizzas from a menu, enhancing user experience with features like order tracking and submission.
